

MEMORANDUM

COUNCIL CIRCULATION ONLY

TO THE COUNCIL, SITTING
RE THE SUBJECT – DISPOSITION
YEAR 2026

1. The subject continues publication despite three corrections. The removal did not hold. The material reappeared within eleven days, on infrastructure this office does not control and cannot reach by the usual means.
2. Reach is now estimated above one million. The office notes that this figure has ceased to be the relevant one. What is relevant is that the subject is teaching the method, not the result.
3. The office finds the subject's work **too dangerous to continue in the open, or too important to remain outside** – and the office no longer believes these are different problems.
4. Observation continues under the usual protocol. **He is aware of it. He has begun to say so.** The office does not regard this as an obstacle. A subject who knows he is watched behaves more legibly, not less.
5. Article IV is satisfied. The subject has persisted after correction and is therefore referred to this Council, which alone decides what he is.

THE CANDIDATE IS TO BE MEASURED, OR THE CANDIDATE IS TO BE MANAGED.

6. The Council will answer. The office will not answer for it, and reminds members that the answer, once recorded, is not advisory.

DISTRIBUTION: **FIVE COPIES.** No copy leaves the house to which it is issued.

| *decided — see you in the basement.*
